

70 series steel thermal broken hinged windows

Opening type: Opening inward , opening outward,

Surface treatment: Utilizing automotive-grade fluorocarbon spray surface treatment, with a quality guarantee of over 15 years

Common color: Monument, black, white, available in special customized color

Aluminium Profile thickness: Main profile of 1.5mm

Thermal insulation design: GF30% PA66 Glass Fiber Reinforced Nylon + Polyurethane Thermal Insulation Sealing Strips

Sealing Strips Configuration: Using EPDM sealant strips to achieve better sealing performance

Glass configuration: Standard 6mm + 12A + 6mm Argon gas filled double glazed, optional total thickness up to 24 ~ 27mm Multi-Argon gas filled glazed

Combined U value: Minimum combined U value: 2.2 W/m²*K
